**Grand Total**

**1- "Ess.Oils" are Pure Therapeutic Essential Oils of the highest quality available on the market today**

**2- "Absolutes" Are the highest concentration of usually low yielding flowers ex: it takes 60 Roses to make one drop of Rose Absolute, and it takes 10,000 blooms to make 5 ml of Jasmine Absolute.**

**3- 10% Absolute is a concentration of 10% of Pure Absolute in a Carrier Oil  
\*\* Most Absolutes are sold at 3 to 5% dilution  
Genie In a Bottle's are @ 10% dilution**

**4- Pure Resin: Varies from a very thick liquid ( like molasses or honey), to a solid gum mostly used as base but very difficult to use as is**

**5- "30 - 50% Dil. Resin" is a dilution of Pure Resin at a ratio of 30 to 50% Pure resin in a Carrier oil to make it more user friendly**
